Model T Ford Club International, Inc.

PROPRIETARY- Information presented in this document is the property of Model T Ford Club International, Inc. and may not be sold or distributed without specific written permission.

NOTES:
 Top of frame should be absolutely flat
 All body brackets are flush with top surface of frame
 Only rear running board bracket is relocated for the Torpedo
 All dimensions assume that the frame is square and parallel
 Later frames have different rear body bracket but mounting hole location is unchanged
