

TEDDY'S COUPE

Power comes from 283 bored out '60 Chevy with lots of elaborate chrome work.

Interior has full rolls and pleats of red and white naugahyde and full safety equipment. To add class, headliner is decorated with naugahyde.

Chevy mill and has a 4.56 posi-traction rear. Trophies were won at the Dover drag strip.

To add a touch of class, American Auto Seat Covers did the interior and exterior decorating, done with red and white naugahyde, while Ted and brother Joe handled the clean engine work. After more than a years work and an investment of almost \$1,500 Ted feels his street and strip machine can compete with the best of them. ●

HOW TO HOP-UP YOUR ENGINE
